

SIE 430/530 ENGINEERING STATISTICS - Fall 2021
(Tuesday and Thursday 8:00 – 9:15am, AME S212 & In-Person)

Instructor: Jian Liu

TA: Fenglian Pan &
James Clisset

Office Hours: Tue 9:30 – 10:30am
Or by appointment (OBA)

Office Hours (Fenglian): Mon & Wed,
1:00 – 2:00 PM, OBA
Email: fenglianpan@email.arizona.edu

Office Hours for ONLINE students:
Tue 7:00-8:00 pm, OBA
Email: jianliu@email.arizona.edu

Office Hours for ONLINE students (James):
Mon & Wed, 7:00 – 8:00PM, OBA
Email: jclisset@email.arizona.edu

All office hours will be held via Zoom: D2L → UA Tools → Zoom

Prerequisites: Calculus + SIE 305: Introduction to Engineering Probability and Statistics

Textbook: G. Casella and R.L. Berger, *Statistical Inference*, 2nd ed., Duxbury Thomson Learning, Pacific Grove, CA, 2002.

This class is scheduled to be taught in the **IN-PERSON** modality and available for distance learning sections. All the students have access to Panopto lecture recordings.

Course Website: We will be using the D2L system. (<http://d2l.arizona.edu/>). All class materials, including HW, handouts, etc. will be distributed from D2L. I will also be sending emails to the whole class throughout the semester using the class list on D2L. Please make sure you forward your D2L email to an email account that you frequently use.

Lecture videos will be available after each lecture on D2L → UA Tools → Panopto.

References:

Homework: The homework will be assigned on Thursdays and due on the following Thursday, *before the end of the class*. NO late submission is allowed unless it is requested and approved by the instructor in advance (e-mail or phone-call received *before* the day the assignment is due). **ALL students need to submit pdf copies of their homework to a dropbox on D2L.**

Examinations:

Exam I: October 28-29, any 75 min time slot

Exam II: TBD

*All students will take the exams via **examity** (detailed arrangement will be announced in class.)*

Makeup examinations **MUST** be requested at least one week prior to the date the exam is held. In case of medical or other personal/family emergencies, a formal excuse (doctor's note, etc.) is required.

Grading:	Homework	20%
	Exam I	35%
	Exam II	45%

Academic Integrity Policy: Students are encouraged to share intellectual views and discuss freely the principles and applications of course materials. However, homework, and exams must be the product of independent effort unless otherwise instructed. Students are expected to adhere to the UA Code of Academic Integrity: <http://dos.web.arizona.edu/uapolicies/>. Any violation of the academic integrity code will be dealt with using the procedures detailed in the code.

Course Outline:

- Review of Probability Theory
 - Probability Set Function
 - Conditional Probability and Independence
 - Random variables, common distributions
 - Expectation (including Moment Generating Functions)
- Properties of a Random Sample
 - Order Statistics
 - Asymptotic Properties of the Sample Mean
 - Sampling from a Normal Distribution
- Point Estimation
 - Method of Moments
 - Maximum Likelihood Estimation
 - Bias, Efficiency and Consistency of Point Estimators
 - Best Minimum Variance Unbiased Estimator
- Hypothesis Testing I
 - Elements of a Statistical Test
 - Some Common Tests (concerning means, variances, etc.)
 - Goodness-of-Fit
- Hypothesis Testing II
 - Likelihood Ratio Tests
 - Optimal Tests and the Neyman-Pearson Lemma
- Confidence Interval Estimation
 - Inverting a Test Statistic
 - Asymptotic Confidence Intervals
 - Size and Coverage Probability

Attentions for COVID-19 Pandemic

The use of masks will be required for everyone, regardless of vaccination status, in all indoor spaces where continuous physical distancing is not possible. Students who forget to bring a mask to class should be offered one. Masks and cleaning supplies will be available in every classroom. If a student refuses to wear a mask in a classroom or other designated space when reminded, they should be asked to leave the space. An online Incident Report Referral Form to the Dean of Students Office will be submitted.

The Disability Resource Center is available to explore face coverings and accessibility considerations if you believe that your disability or medical condition precludes you from utilizing any face covering or mask option. DRC will explore the range of potential options as well as remote course offerings. Should DRC determine an accommodation to this directive is reasonable, DRC will communicate this accommodation with your instructor.

Classroom attendance:

- If you feel sick, or may have been in contact with someone who is infectious, stay home. Except for seeking medical care, avoid contact with others and do not travel.
- Notify your instructor(s) if you will be missing a course meeting or an assignment deadline.
- Non-attendance for any reason does **not** guarantee an automatic extension of due date or rescheduling of examinations/assessments.
- Please communicate and coordinate any request directly with your instructor.
- If you must miss the equivalent of more than one week of class, you should contact the Dean of Students Office DOS-deanofstudents@email.arizona.edu to share documentation about the challenges you are facing.
- Voluntary, free, and convenient [COVID-19 testing](#) is available for students on Main Campus.
- COVID-19 vaccine is available for all students at [Campus Health](#).
- Visit the [UArizona COVID-19](#) page for regular updates.

Academic advising: If you have questions about your academic progress this semester, please reach out to your academic advisor (<https://advising.arizona.edu/advisors/major>). Contact the Advising Resource Center (<https://advising.arizona.edu/>) for all general advising questions and referral assistance. Call 520-626-8667 or email to advising@arizona.edu.

Life challenges: If you are experiencing unexpected barriers to your success in your courses, please note the Dean of Students Office is a central support resource for all students and may be helpful. The [Dean of Students Office](#) can be reached at (520) 621-2057 or DOS-deanofstudents@email.arizona.edu.

Physical and mental-health challenges: If you are facing physical or mental health challenges this semester, please note that Campus Health provides quality medical and mental health care. For medical appointments, call (520) 621-9202. For After Hours care, call (520) 570-7898. For the Counseling & Psych Services (CAPS) 24/7 hotline, call (520) 621-3334.

Class Recordings: For lecture recordings, which are used at the discretion of the instructor, students must access content in D2L only. Students may not modify content or re-use content for any purpose other than personal educational reasons. All recordings are subject to government and university regulations. Therefore, students accessing unauthorized recordings or using them

in a manner inconsistent with [UArizona values](#) and educational policies ([Code of Academic Integrity](#) and the [Student Code of Conduct](#)) are also subject to civil action.

Inclusive Excellence Statements

This course supports elective gender pronoun use and self-identification; rosters indicating such choices will be updated throughout the semester, upon student request. As the course includes group work and in-class discussion, it is vitally important for us to create an educational environment of inclusion and mutual respect. (NOTE: You can download your class roster from UAccess)

Inclusive Excellence is a fundamental part of the University of Arizona's strategic plan and culture. As part of this initiative, the institution embraces and practices diversity and inclusiveness. These values are expected, respected and welcomed in this course.
