Purpose: The Department Seminar is a weekly meeting where notable researchers present their work to SIE faculty and students. It is intended to engage the research community in interesting and relevant topic and help PhD students learn about broad research topics in our profession.

Prerequisites: SIE Graduate Student

Text: N/A.

Objectives: SIE Graduate Student
1. Expose PhD students to a wide variety of SIE related research
2. Help PhD students understand potential career opportunities (e.g., academia, research, industry)

Work Required:
1. Research Statement: Prepare a 1-2 page statement of your research interests. What are your interests? What is your research area? Who is your advisor? What are your goals? A faculty position? National Laboratory? Industry? Other?
2. Engagement: Attendance and engagement with speakers, faculty, and fellow students is highly emphasized. Attending the live seminar in person is required, except when the seminar is only available via zoom, and asking questions is encouraged. Many of our seminars this semester will be faculty candidates and engagement will include participation in “meet the candidate” sessions that are normally scheduled following the seminar.
3. Seminar Reflection: For each seminar, a reflection statement is required. Each reflection should provide an overview about the speaker and the topic (not a copy of the abstract, but a summary in your own words about what was presented); identify any specific information that you found relevant to your research, and other observations of interest. Each reflection should be approximately ½ to 1 page in length and submitted to the course D2L site before
the start of the seminar the following week. [This rule is strictly enforced]. Generaly, 1 week will be allowed for each seminar reflection.

4. Curriculum Vitae. Prepare a curriculum vitae (CV) using the format required for promotion and tenure at the University of Arizona (https://facultyaffairs.arizona.edu/sites/default/files/2020-21_04_CT_PT.CV%20and%20Collaborators.pdf)

**Grading: (PASS/FAIL)**

1. Research Statement: 10%
2. Engagement*: 40%
3. Reflections*: 40%
4. Curriculum Vitae: 10%
5. 80% Completion Required for PASS.
   *Since we will have many faculty candidates this semester, a minimum of 15 Engagements and Reflections are required.
